**Good Deals for Good Neighbors
An Outdoor Wood-Fired Furnace (OWF) Incentive Program
Application**

Instructions

Complete all sections of this form. All proposals must be received by October 31, 2014 to be considered for funding. Proposals should be submitted to the attention of Lakiesha Christopher at the Connecticut Department of Energy and Environmental Protection (DEEP) via e-mail at Lakiesha.Christopher@ct.gov, or U.S. mail at 79 Elm Street, Hartford, CT 06106-5127.

Eligible Use of Funding

This reimbursement program provides cash incentives for outdoor wood-fired furnaces scrapped and replaced, or scrapped on or after July 31, 2014, as follows:

- Scrapped and replace an existing OWF with legally sited new OWF that emits less than 0.06 pounds of particulate matter per million Btus (lbs/million Btus). \$7,000.00
- Scrap an existing OWF by removing the OWF from the property. \$4,000.00

For purposes of this reimbursement program, "OWF" is an accessory structure or appliance designed to be located outside the structure it is being used to heat. It transfers or provides heat, through liquid or other means, by burning wood.

Evaluation Criteria

Applications will be evaluated and prioritized for selection according to the degree to which they meet the following criteria:

Please check all those that apply

Terms and Conditions

- If an OWF cannot be sited on the property so as to meet Connecticut siting requirements, the Applicant agrees not to replace the scrapped unit with a new OWF.
- Applicant understands that an inspection of the OWF may be conducted as part of this program.
- Applicant is aware that these funds may be subject to state or federal taxation.
- An existing OWF that is scrapped must be removed from the property and cannot be sold, donated or used as a working OWF.
- A new OWF must be professionally installed.
- Applicant agrees not to burn any material in the OWF other than dry wood that is not chemically treated.
- All required local or state permits such as building, electrical, wetland, or others must be obtained before funding will be provided.
- Any new OWF must meet Connecticut's siting and stack requirements set forth in CGS 22a-174k, and meet an emission standard of 0.06 pounds of particulate matter per million Btu.
- Applicant must own the property on which the OWF is and/or will be located.
- Applicant agrees to operate the OWF in accordance with manufacturer's recommendations for optimal performance.
- **Photographs of the scrapped OWF and newly installed OWF (if replacement) must be provided before reimbursement. The scrapped unit must be removed from the property. Photographs with date/time stamps are required.**
